HYDERABAD

Political dynamics,
governance & public
value

Manash Protim Deori | Inclusive Minds

Research cut-off 9 October 2026 · Historical data retain reference dates

Hyderabad's political, institutional and service records demand separate analytical lenses

The geography of institutions, the meaning of election results, and the distance from budget provision to service delivery must be kept distinct.

ELECTIONS INC 64 / 119 Assembly seats statewide in 2023; no urban-wide inference.	JURISDICTIONS GO 55 (11 Feb 2026): GHMC, Cyberabad and Malkajgiri corporations.	DELIVERY 2026-27 provisions are budget estimates, not confirmed outcomes.
---	---	---

ECI 2023 statewide outcome; 2026 governance order and estimates. No citywide electoral or service-effect inference.

Hyderabad's electoral, municipal and planning units are not interchangeable

GO 55 establishes three municipal corporations; Assembly constituencies, parliamentary seats and planning jurisdictions use different boundaries.

2026 municipal

GHMC · Cyberabad MC · Malkajgiri MC

Election geography

Assembly and parliamentary units differ

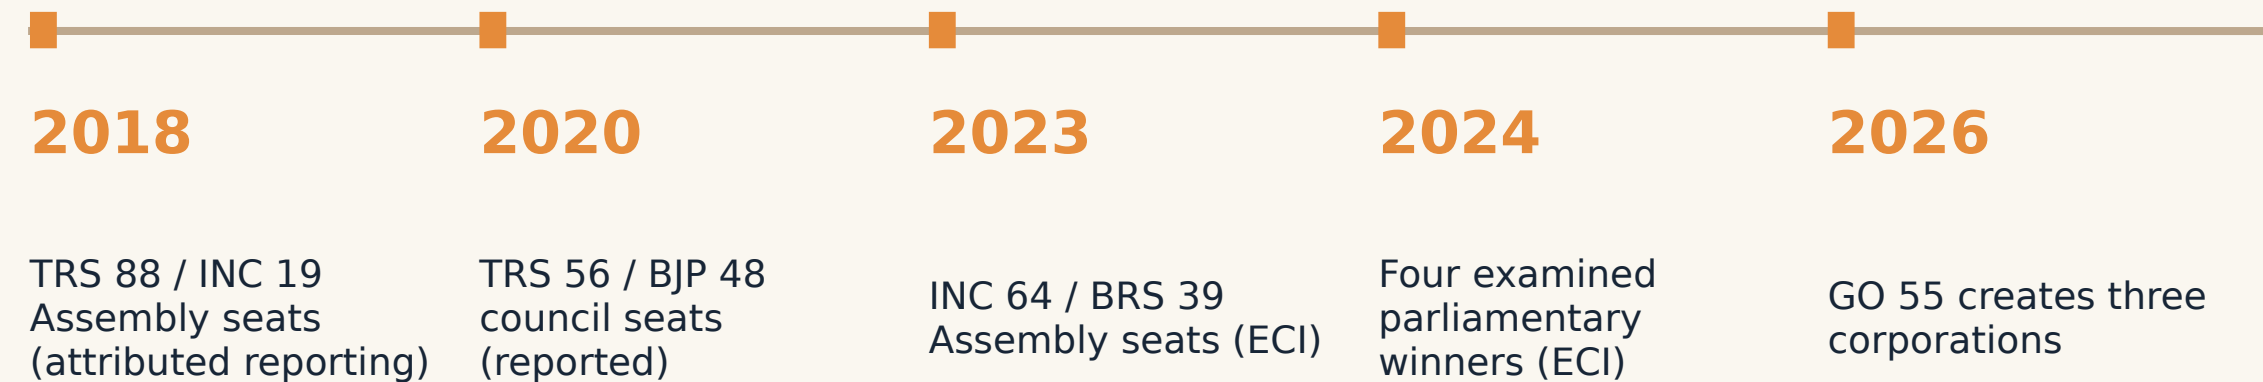

Planning geography

HMR / FCDA records have separate legal bases

Schematic categories, not GIS boundary polygons. Full legal crosswalk must be validated before geographic joins.

Different election and administrative milestones explain today's institutional context

A chronological view distinguishes election types, government transitions and administrative reforms.

2018 and 2020 results are attributed historical reporting; different ballots and institutional periods are not vote swing.

Urban services involve multiple accountable institutions

Municipal geography, asset protection, river planning and budget financing involve distinct decision-makers.

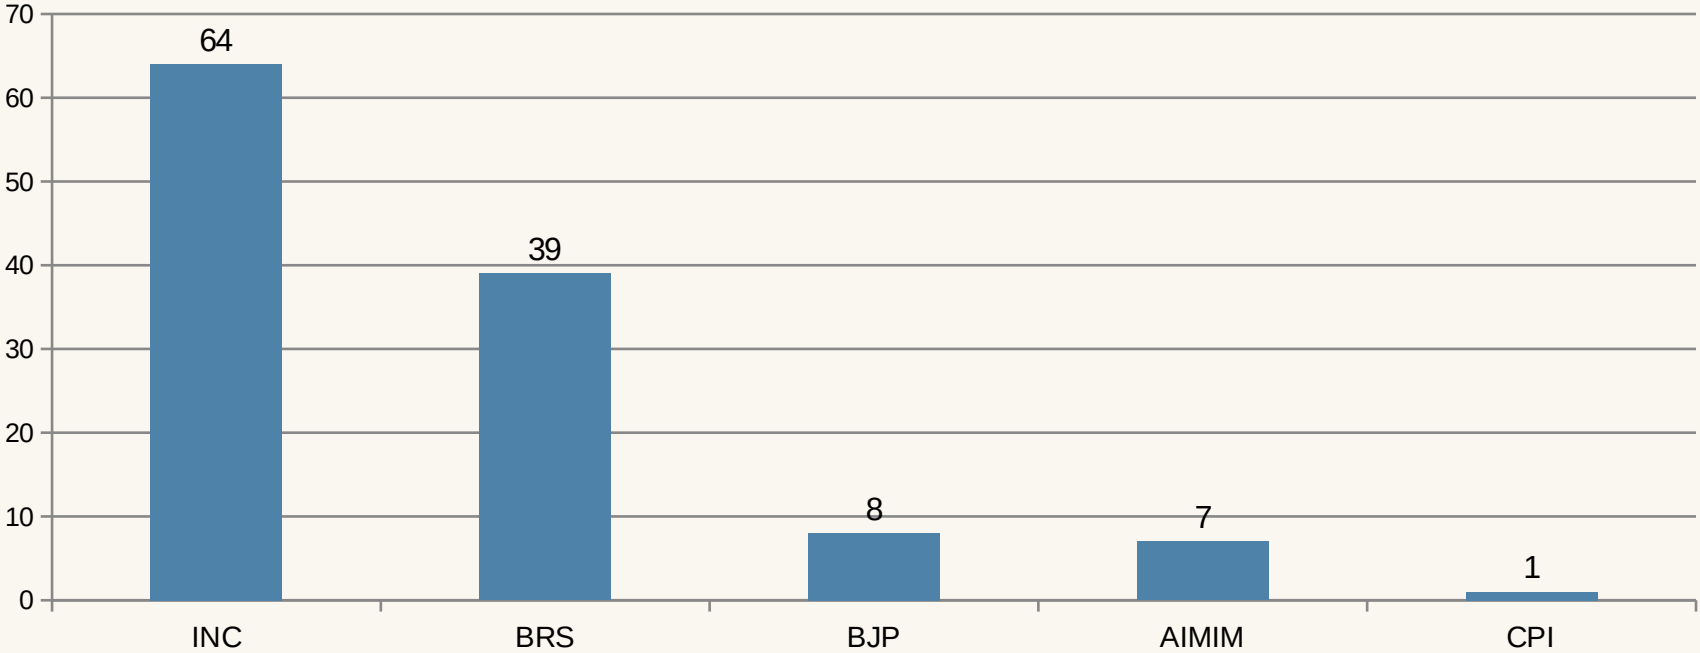

INSTITUTION / UNIT	RECORD	SCOPE
Municipal	GHMC / CMC / MMC	GO 55
Protection	HYDRAA / MAUD	Agency remit
River	MRDCL	Published vision
Finance	State / programme bodies	Budget estimates

Agency scope is not proof of effectiveness or case-specific legal authority.

INC won 64 of 119 seats in Telangana's 2023 Assembly election

The official ECI tally records 64 INC, 39 BRS, 8 BJP, 7 AIMIM and 1 CPI seat in 2023.

ECI | Telangana
Assembly seats won,
2023

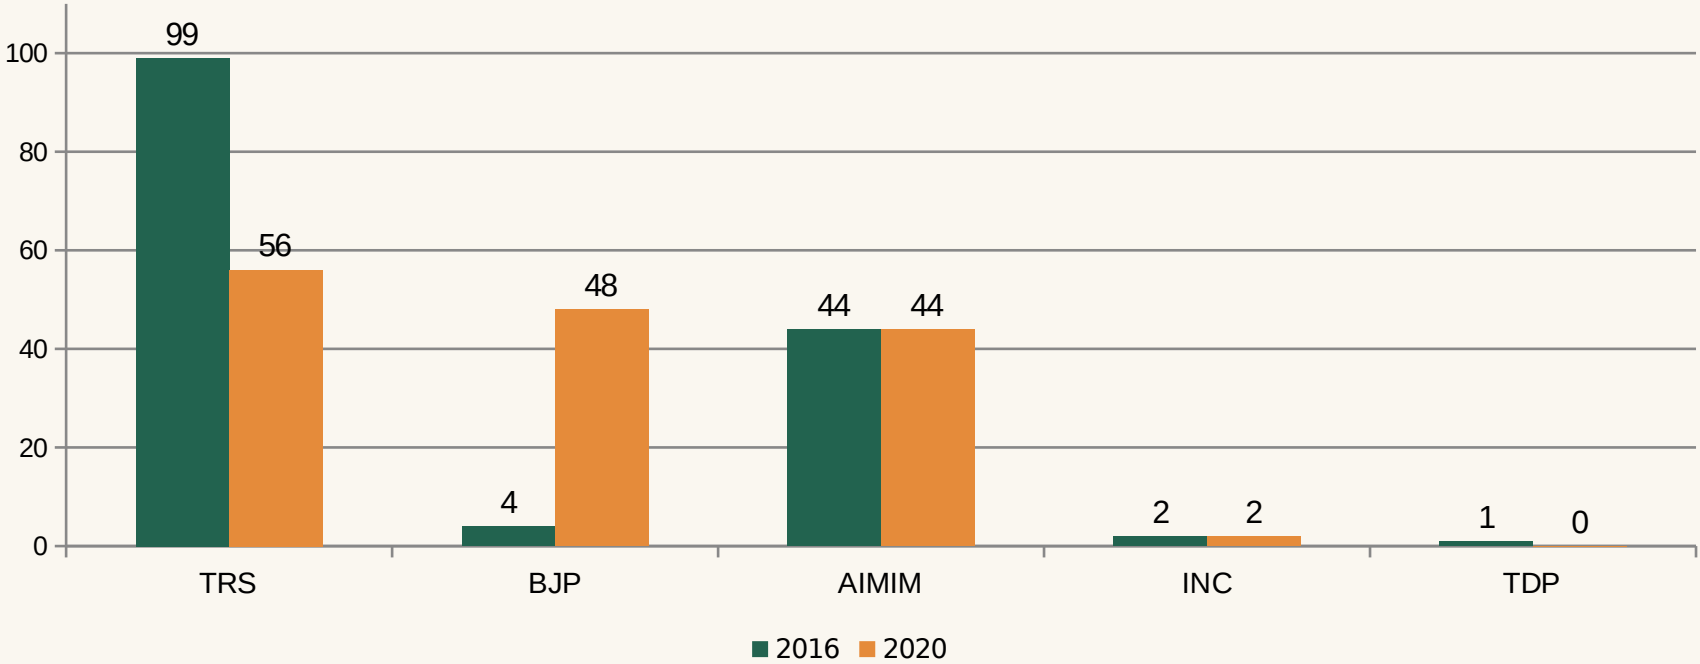

119 statewide seats. This is not Hyderabad-specific voting or any party's current legislative strength.

Reported GHMC council composition changed between 2016 and 2020

Published historical recaps report a changed composition of the 150-seat GHMC council; these are seat counts, not vote transfers.

Reported GHMC seats won · historical 150-seat councils

Reported 2016 and 2020 council results; not 2026 corporation composition. Original primary municipal declarations should be checked.

Four relevant 2024 parliamentary seats had distinct, documented winners

ECI's 2024 Lok Sabha records identify BJP winners in Malkajgiri, Secunderabad and Chevella, and the AIMIM winner in Hyderabad.

INSTITUTION / UNIT	RECORD	SCOPE
Malkajgiri	Eatala Rajender	BJP
Secunderabad	G. Kishan Reddy	BJP
Hyderabad	Asaduddin Owaisi	AIMIM
Chevella	Konda Vishweshwar Reddy	BJP

Four distinct parliamentary constituencies, not an aggregate of Hyderabad Assembly seats.

Identified industrial clusters do not measure citywide economic benefit

The investment portal identifies Genome Valley and electronics-sector clusters, but this alone cannot establish Hyderabad-wide jobs, GDP or access.

Production

Which employers and value chains are documented?

Access

Who can reach jobs, training and services?

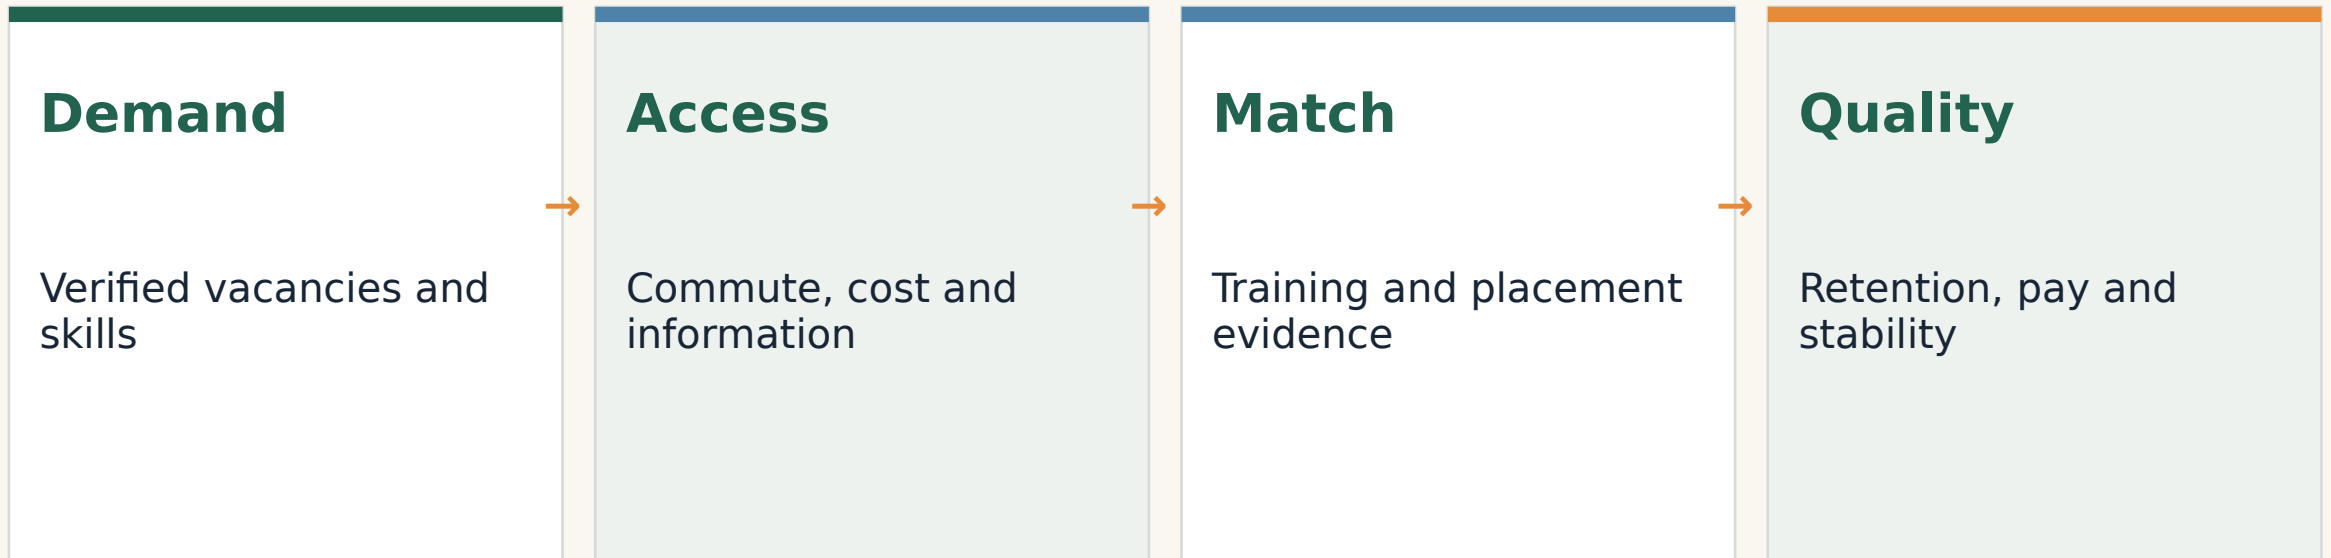

Distribution

What evidence shows benefits across places?

State investment-portal evidence establishes identified clusters, not realised jobs or citywide economic impact.

Employment access requires evidence beyond sector growth narratives

Vacancy, skill, commute, placement and job-quality data are needed before judging the reach of economic opportunity.

Measurement framework, not a finding about household employment outcomes.

Municipal reorganisation and planning changes demand updated land and housing evidence

GO 55 and the official GO 68/69 index define differing urban and planning units; parcel- and housing-level conclusions need further evidence.

Boundary Which instrument and vintage?	Rights Which title, approval and record?	Access Which housing and service evidence?
--	--	--

No verified current price index, housing-displacement total or parcel-specific legal finding.

Metro funding provisions are not proof of completed service expansion

The 2026–27 state budget records ₹600 crore for Metro Phase II and ₹500 crore as loans to HMRL; neither represents proven completion.

₹600 cr

Metro Rail Phase II ·BE

₹500 cr

Loans to HMRL ·BE

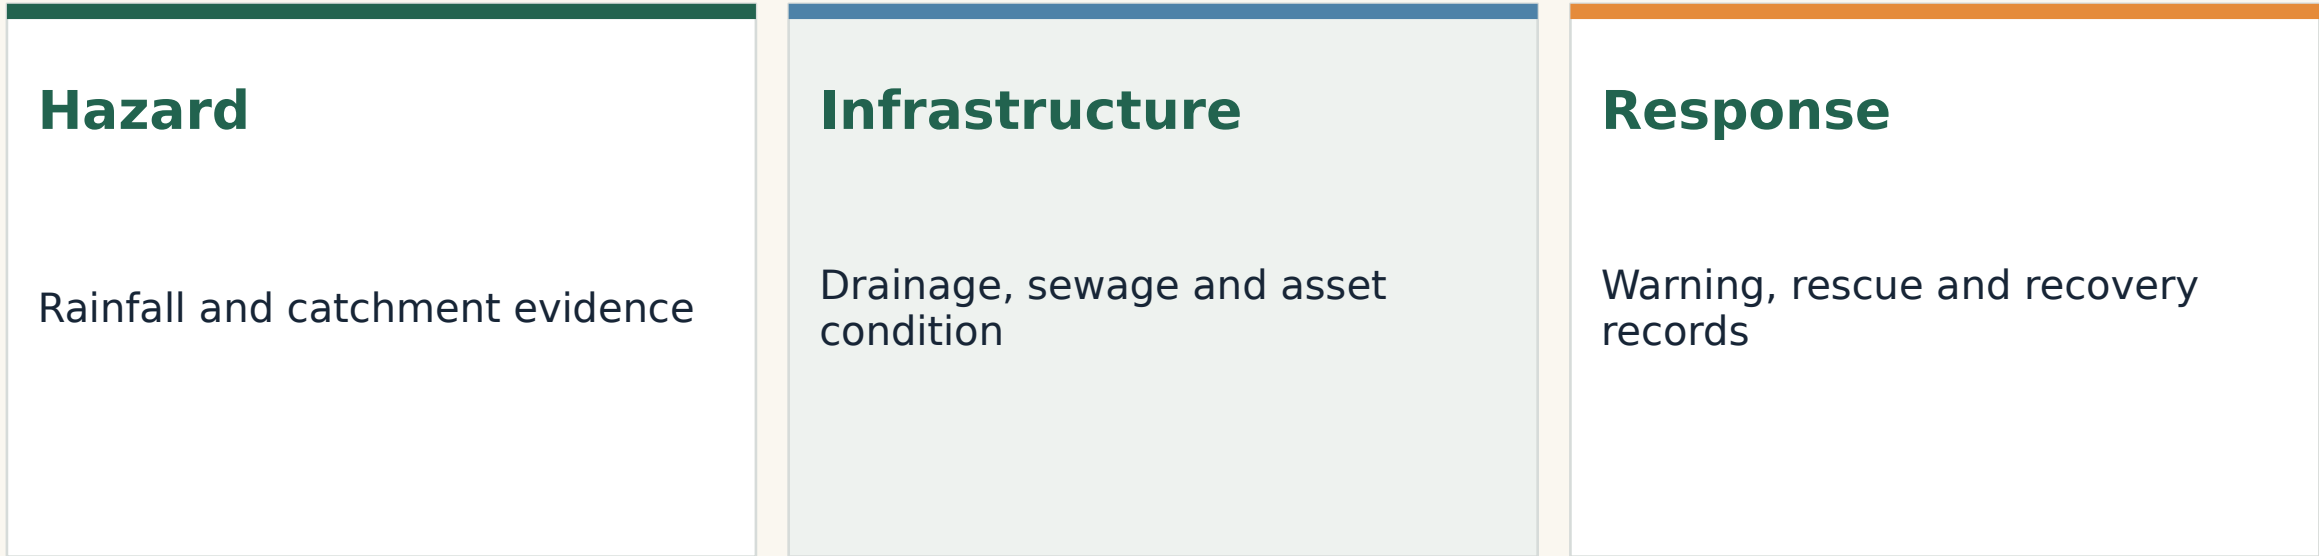

Journey access

A separate validation question

2026–27 budget estimates; separate provision lines, not evidence of operating service.

A credible resilience assessment must connect hazards, assets and service outcomes

HYDRAA's described disaster remit and MRDCL's ecological objectives establish institutional roles—not verified flood or water-quality outcomes.

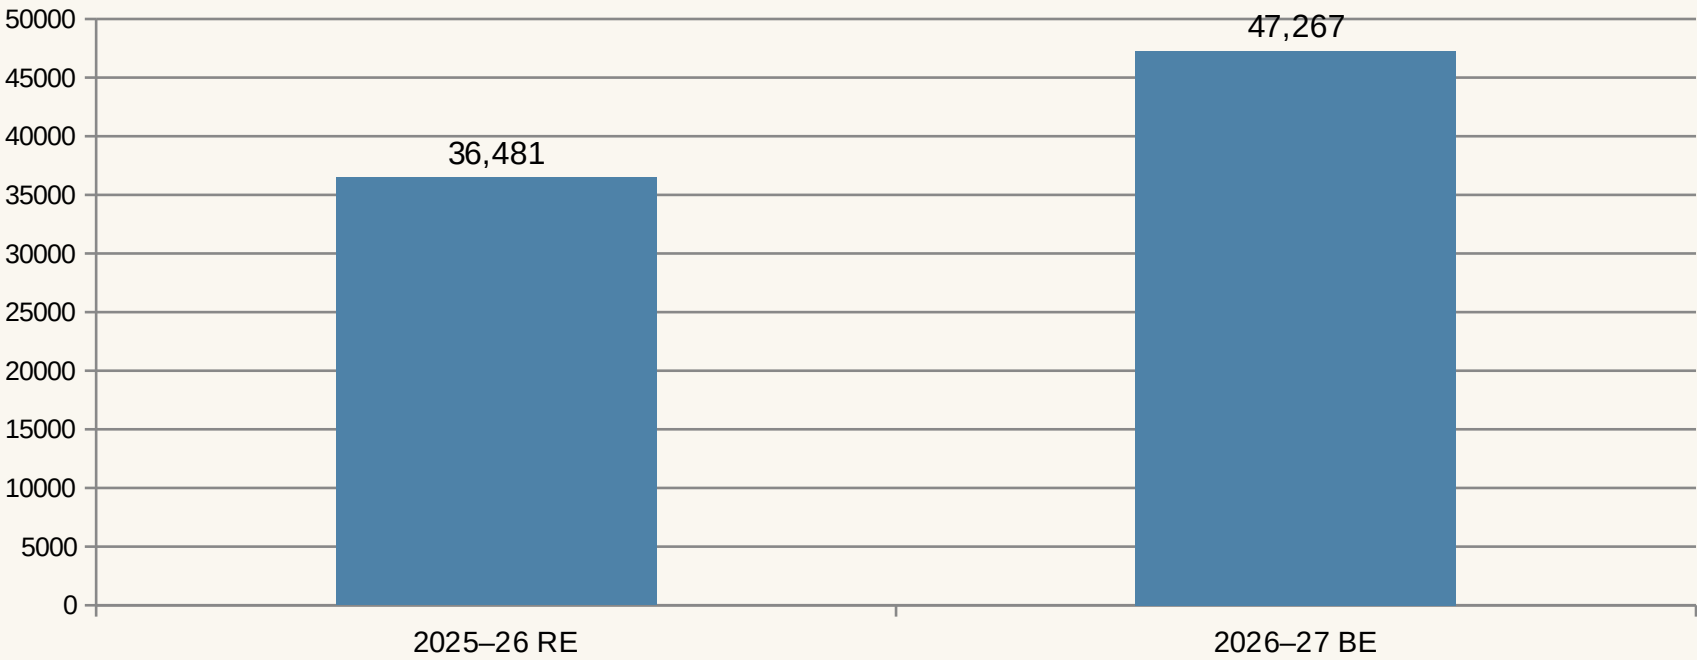

No measured improvement in flooding, lake health, wastewater treatment or response time is asserted.

State budget expansion highlights the gap between provision and delivery evidence

Telangana's state capital expenditure is budgeted at ₹47,267.28 crore for 2026-27 versus ₹36,480.87 crore revised estimate for 2025-26.

Telangana state capital expenditure - ₹crore

Statewide budgets, nominal RE-to-BE comparison; not Hyderabad actual spending or guaranteed delivery.

Musi restoration has documented objectives and still requires delivery evidence

The government budget provides ₹1,500 crore for Musi development, while the agency describes restoration goals and officials acknowledge relocation concerns.

Documented Agency vision; ₹1,500 crore BE; March conference	Needs proof Awards, disbursement, sewage and water-quality results	Human impact Compensation, location of rehousing and livelihood access
---	--	--

Funding provision and expressed objectives do not demonstrate awards, resettlement outcomes or restored water quality.

HYDRAA's formal remit does not decide the legality or outcomes of individual cases

HYDRAA's public-asset and disaster-management mandate cannot by itself establish the legal status or real-world results of an individual action.

Record	Process	Outcome
Official site and boundary documentation	Notice, authority, hearing or review record	Restoration, affected livelihoods and remedy evidence

Case-specific notice, title, adjudication and remedial records require independent examination.

The strongest research priorities concern boundaries, delivery and outcomes

The evidence supports sequencing document-backed questions ahead of claims about unmeasured public outcomes.

01 **Boundary crosswalk**

Use dated GO 55 municipal divisions and authoritative GIS only

02 **Electoral integrity**

Separate official ballot results, dates and constituencies

03 **Delivery tracking**

Distinguish budget, release, procurement and service evidence

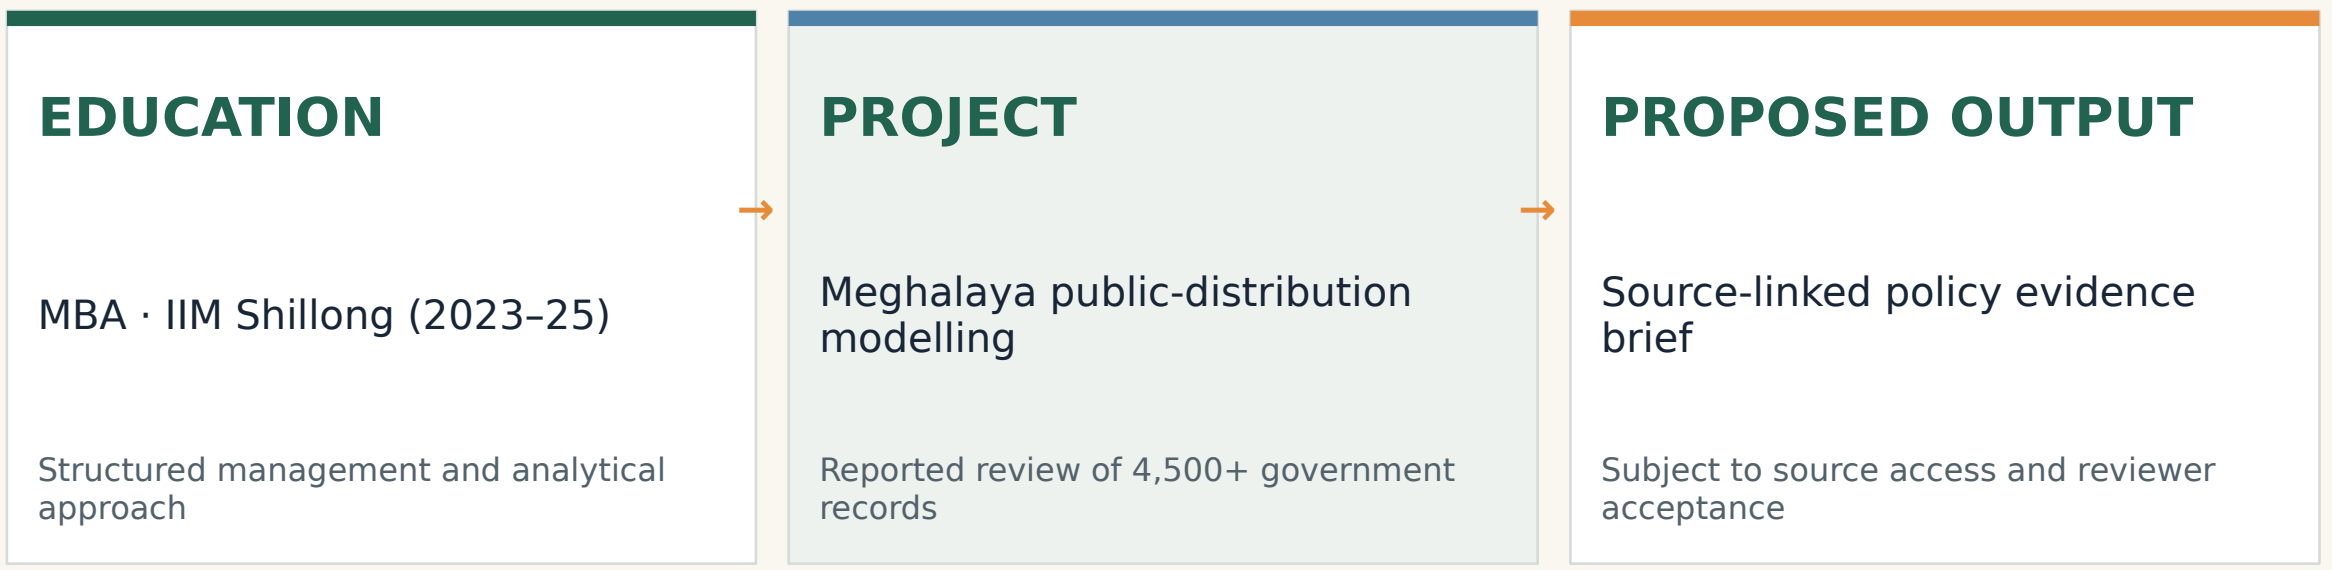

04 **Accountability**

Link each issue to legal authority and measurable outcomes

Analyst-designed research priority order, not an empirical score or a party strategy.

IIM Shillong and applied policy modelling offer a research-oriented foundation

MBA, IIM Shillong (2023–25); candidate-reported Meghalaya PDS modelling with 4,500+ government records.

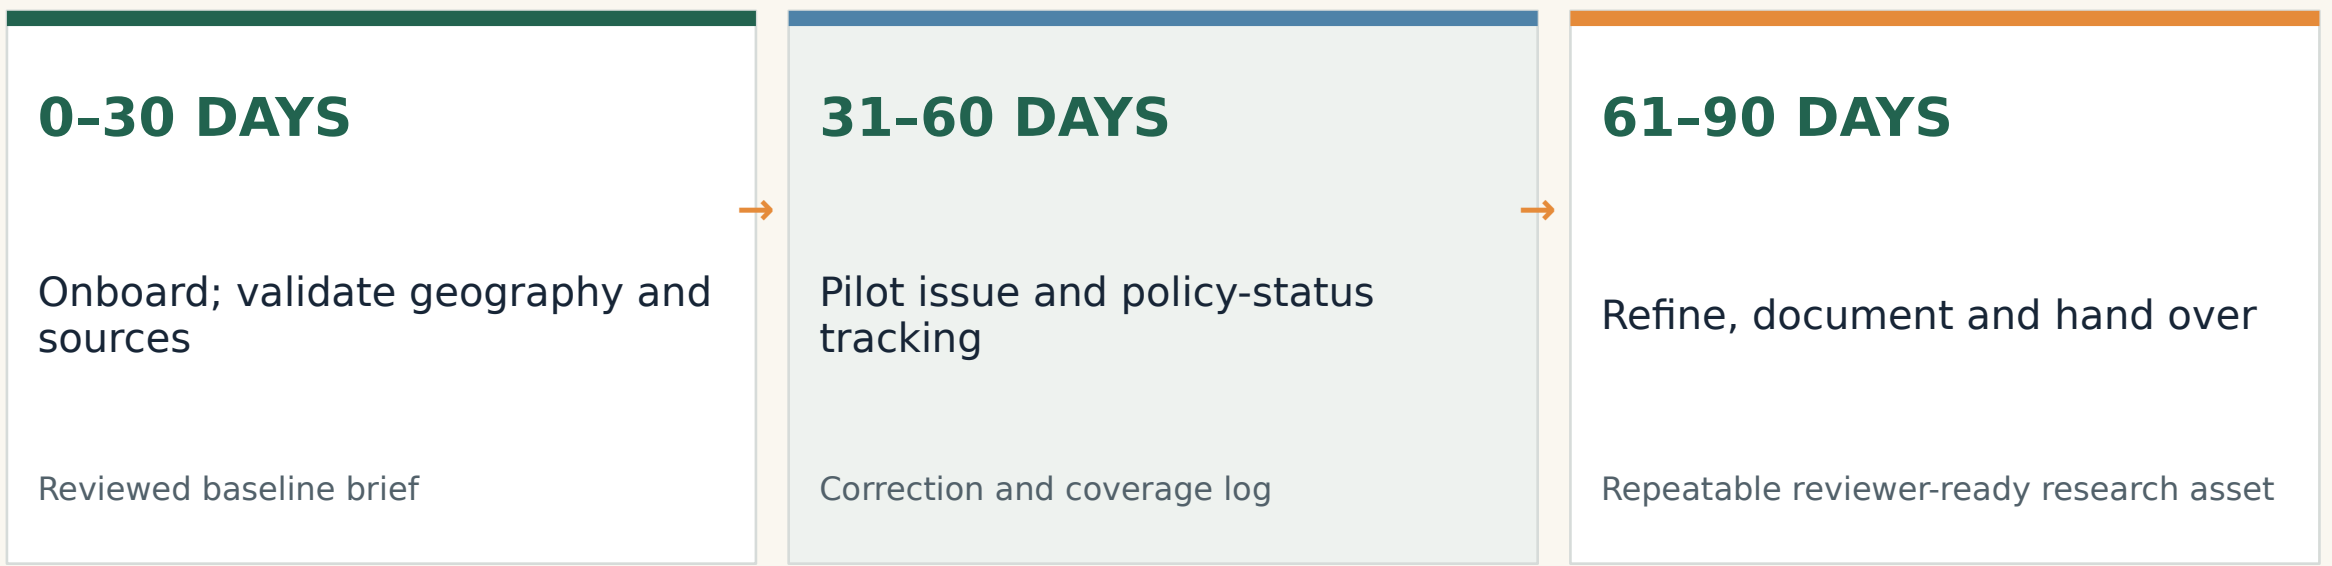

Proposed: reproducible public-policy analysis with a documented data-quality and source register.

Candidate self-report. Academic/project achievements are not independently audited.

My strategy and political-intelligence experience supports a testable delivery plan

Consultant, Marketing and Strategy, Nation With Namu (May 2025–Apr 2026). Resume reports an evidence-review workflow for seven political-intelligence team members.

A conditional 30/60/90-day plan; outputs depend on role scope, authorised access and supervisory review.

Self-reported experience. Timing and impact are proposals, not guaranteed outcomes.

THANK YOU

I welcome a discussion of the evidence and the research work I can contribute.

Evidence status and release conditions

Provenance	Supported, Qualified or Blocked for each record. An unread original is not cleared by correct arithmetic.
Lineage	Shared issuer and publisher records count once. ET/TOI share Times Group; PRS reuses state documents.
Integrity	Original date, unit and fiscal stage retained. Chart/workbook values agree; PDF data are searchable.
Inference	Interpretations remain bounded. Current legal status, officeholders and delivery require separate records.
Practical use	Recommendations identify a work product and acceptance test. Effort/output counts remain conditional.

2023 study set: AC 57-71

57 Musheerabad	BRS	65 Goshamahahal	BJP
58 Malakpet	AIMIM	66 Charminar	AIMIM
59 Amberpet	BRS	67 Chandrayangutta	AIMIM
60 Khairatabad	BRS	68 Yakutpura	AIMIM
61 Jubilee Hills	BRS	69 Bahadurpura	AIMIM
62 Sanathnagar	BRS	70 Secunderabad	BRS
63 Nampally	AIMIM	71 Secunderabad Cantt.(SC)	BRS
64 Karwan	AIMIM		

Selected AC rows remain blocked pending direct primary-record recheck.

Arithmetic and comparison rules

State seats 2023	$64+39+8+7+1=119$. S06 official performance table.
Selected seats 2023	$7+7+1+0=15$ internally. S07 target rows remain blocked for fresh recheck.
Reported GHMC councils	2016: $99+44+4+2+1=150$. 2020: $56+48+44+2=150$. Historical reporting.
Three margins	$62,185-60,148=2,037$; $46,153-45,275=878$; $99,776-18,116=81,660$. Inputs pending fresh check.
State capex	$(47,267.28 / 36,480.87 - 1) \times 100 = 29.5673\%$, rounded 29.6%. Nominal RE-to-BE.
Prior execution context	PRS 2024-25 BE-to-actual shortfalls are historical statewide context. No summed city budget or next-year forecast.

Core 01 | Hyderabad: political dynamics, governance & publ

FINAL FINDING

Political dynamics, governance evidence and a rigorous application work sample for Inclusive Minds

INTERPRETATION

Editorial title for a professional research work sample.

S10: Telangana Budget Analysis 2026-27 — [full clickable URL in source register]

FACTUAL PREMISES

F07 (Supported): 2023 Telangana Assembly seats won: INC 64; BRS 39; BJP 8; AIMIM 7; CPI 1. F03 (Supported): GO 55 of 11 February 2026 reorganised CURE into GHMC, CMC and MMC with immediate effect. F21 (Supported): 2026-27 BE: H-CITY assistance to CURE ₹2,654 crore. F24 (Supported): 2026-27 BE: Metro Rail Phase II ₹600 crore.

ALTERNATIVES / LIMITS

A difference may reflect institutional boundaries, election context or candidate competition; it does not identify switching voters. ECI 2023 statewide outcome; 2026 governance order and estimates. No citywide electoral or service-effect inference.

Core 03 | Hyderabad's electoral, municipal and planning un

FINAL FINDING

GO 55 establishes three municipal corporations; Assembly constituencies, parliamentary seats and planning jurisdictions use different boundaries.

INTERPRETATION

The GO allocates municipal zones; election tables use constituency codes. A name match does not establish identical population or jurisdiction.

SOURCE LINKS

- S03: G.O.Ms.No.55: CURE reorganisation — [full clickable URL in source register]
- S04: Government Orders and Acts — [full clickable URL in source register]
- S15: Moosarambagh bridge event and corporation logos — [full clickable URL in source register]

FACTUAL PREMISES

F03 (Supported): GO 55 of 11 February 2026 reorganised CURE into GHMC, CMC and MMC with immediate effect. F04 (Supported): CMC comprises Serilingampally, Kukatpally and Qutbullapur zones; MMC comprises Malkajgiri, Uppal and L.B.Nagar zones. F05 (Supported): GHMC comprises Shamshabad, Rajendernagar, Charminar, Golconda, Khairatabad and Secunderabad zones. F33 (Supported): BuildNow lists GO 68 dated 12 March 2025 for expansion of HMR and GO 69 for FCDA.

ALTERNATIVES / LIMITS

A changed total can reflect a boundary revision or record coverage rather than a real service change. Schematic categories, not GIS boundary polygons. Full legal crosswalk must be validated before geographic joins.

Core 04 | Different election and administrative milestones

FINAL FINDING

A chronological view distinguishes election types, government transitions and administrative reforms.

INTERPRETATION

Separate election outcomes, by-elections, office changes and boundary changes. Historical outcomes do not establish present membership.

ALTERNATIVES / LIMITS

Seat changes can reflect turnout, candidates, boundaries or vote distribution. Seats alone do not separate those explanations. Reported 2016 and 2020 council results; not 2026 corporation composition. Original primary municipal declarations should be checked.

Core 08 | Four relevant 2024 parliamentary seats had disti

FINAL FINDING

ECI's 2024 Lok Sabha records identify BJP winners in Malkajgiri, Secunderabad and Chevella, and the AIMIM winner in Hyderabad.

INTERPRETATION

Different institution-specific observations show why political strength cannot be represented by one number.

SOURCE LINKS

S08: Constituency-wise Detailed Results: 2024 Lok Sabha — [full clickable URL in source register]

FACTUAL PREMISES

F12 (Supported): Malkajgiri, 2024 Lok Sabha: Eatala Rajender (BJP) led with 991,042 votes; runner-up 599,567. F13 (Supported): Secunderabad, 2024 Lok Sabha: G.Kishan Reddy (BJP) led with 473,012 votes; runner-up 423,068. F14 (Supported): Hyderabad, 2024 Lok Sabha: Asaduddin Owaisi (AIMIM) led with 661,981 votes; runner-up 323,894. F15 (Supported): Chevella, 2024 Lok Sabha: Konda Vishweshwar Reddy (BJP) led with 809,882 votes; runner-up 636,985.

ALTERNATIVES / LIMITS

National and state contests differ in units, candidates and timing; contrasting results do not prove voter conversion. Four distinct parliamentary constituencies, not an aggregate of Hyderabad Assembly seats.

Core 09 | Identified industrial clusters do not measure ci

FINAL FINDING

The investment portal identifies Genome Valley and electronics-sector clusters, but this alone cannot establish Hyderabad-wide jobs, GDP or access.

INTERPRETATION

Cluster presence does not establish broad access. Locations anchor research questions, but do not measure benefits, GDP or job quality.

SOURCE LINKS

S14: Invest Telangana portal — [full clickable URL in source register]

FACTUAL PREMISES

F32 (Qualified): State investment portal identifies Genome Valley at Shamirpet and electronics manufacturing clusters.

ALTERNATIVES / LIMITS

Cluster presence can coexist with broad or uneven access. Neither distribution is established by a location directory. State investment-portal evidence establishes identified clusters, not realised jobs or citywide economic impact.

Core 10 | Employment access requires evidence beyond secto

FINAL FINDING

Vacancy, skill, commute, placement and job-quality data are needed before judging the reach of economic opportunity.

INTERPRETATION

Measured barriers are needed to connect clusters with residents’ opportunities. No labour-market deficit is assumed simply from cluster presence.

SOURCE LINKS

S14: Invest Telangana portal — [full clickable URL in source register]

FACTUAL PREMISES

F32 (Qualified): State investment portal identifies Genome Valley at Shamirpet and electronics manufacturing clusters.

ALTERNATIVES / LIMITS

An apparent access gap can reflect qualifications, transport, job quality or incomplete vacancy information.
Measurement framework, not a finding about household employment outcomes.

Core 11 | Municipal reorganisation and planning changes de

FINAL FINDING

GO 55 and the official GO 68/69 index define differing urban and planning units; parcel- and housing-level conclusions need further evidence.

INTERPRETATION

Changes in administrative and planning units can break time-series comparisons and ownership assumptions.

SOURCE LINKS

FACTUAL PREMISES

F03 (Supported): GO 55 of 11 February 2026 reorganised CURE into GHMC, CMC and MMC with immediate effect. F33 (Supported): BuildNow lists GO 68 dated 12 March 2025 for expansion of HMR and GO 69 for FCDA.

ALTERNATIVES / LIMITS

A difference may reflect jurisdiction/record changes or underlying development. Parcel rights require distinct evidence. No verified current price index, housing-displacement total or parcel-specific legal finding.

Core 12 | Metro funding provisions are not proof of comple

FINAL FINDING

The 2026-27 state budget records ₹600 crore for Metro Phase II and ₹500 crore as loans to HMRL; neither represents proven completion.

INTERPRETATION

Distinct lines should not be merged into a claim about completed rail construction. Accessibility requires route and service evidence.

SOURCE LINKS

S09: Budget in Brief: 2026-27 — [full clickable URL in source register]

FACTUAL PREMISES

F24 (Supported): 2026-27 BE: Metro Rail Phase II ₹600 crore. F25 (Supported): 2026-27 BE: loans to HMRL ₹500 crore.

ALTERNATIVES / LIMITS

Budget provision can precede approval, award or spending. A completed asset can still provide uneven journey access. 2026-27 budget estimates; separate provision lines, not evidence of operating service.

Core 13 | A credible resilience assessment must connect ha

FINAL FINDING

HYDRAA's described disaster remit and MRDCL's ecological objectives establish institutional roles—not verified flood or water-quality outcomes.

INTERPRETATION

The documented remit and project scope suggest linked research tasks, not measured performance or a causal reduction in flood risk.

SOURCE LINKS

S05: About the Agency — [full clickable URL in source register]
S11: Vision / Mission — [full clickable URL in source register]

FACTUAL PREMISES

F06 (Supported): HYDRAA describes its CURE-wide remit as disaster management and protection of government / public assets, under MAUD. F30 (Supported): MRDCL describes Musi vision in terms of ecological restoration, sewage interception/treatment, floodplain zones and mobility/livelihoods.

ALTERNATIVES / LIMITS

Event severity and catchment conditions can change outcomes independently of an agency intervention.
No measured improvement in flooding, lake health, wastewater treatment or response time is asserted.

Core 14 | State budget expansion highlights the gap between

FINAL FINDING

Telangana's state capital expenditure is budgeted at ₹47,267.28 crore for 2026–27 versus ₹36,480.87 crore revised estimate for 2025–26.

INTERPRETATION

A larger planned envelope makes financing and implementation monitoring material. It does not establish fiscal capacity or future completion.

SOURCE LINKS

S09: Budget in Brief: 2026–27 — [full clickable URL in source register]
S10: Telangana Budget Analysis 2026–27 — [full clickable URL in source register]

FACTUAL PREMISES

F27 (Supported): State capital expenditure: 2025–26 RE ₹36,480.87 crore; 2026–27 BE ₹47,267.28 crore. F28 (Supported): Nominal state capex BE/RE increase is 29.57%, rounded 29.6%. F29 (Supported): State 2026–27 BE: Indiramma Houses ₹5,500 crore; Mahalaxmi RTC ₹4,305 crore; Rajiv Aarogya Sri ₹1,143 crore.

ALTERNATIVES / LIMITS

A larger plan can reflect priorities or financing assumptions; prior shortfalls do not predict the next year. Statewide budgets, nominal RE-to-BE comparison; not Hyderabad actual spending or guaranteed delivery.

Core 15 | Musi restoration has documented objectives and s

FINAL FINDING

The government budget provides ₹1,500 crore for Musi development, while the agency describes restoration goals and officials acknowledge relocation concerns.

INTERPRETATION

Environmental objectives and acknowledged relocation concerns justify testing multiple dimensions of implementation together.

SOURCE LINKS

S09: Budget in Brief: 2026-27 — [full clickable URL in source register]
S11: Vision / Mission — [full clickable URL in source register]
S12: Musi Invites: Phase I presentation — [full clickable URL in source register]

FACTUAL PREMISES

F22 (Supported): 2026-27 BE: Musi Riverfront development ₹1,500 crore. F30 (Supported): MRDCL describes Musi vision in terms of ecological restoration, sewage interception/treatment, floodplain zones and mobility/livelihoods. F31 (Supported): At the 13 March 2026 Musi conference, the CM addressed compensation and livelihood concerns associated with relocation.

ALTERNATIVES / LIMITS

Environmental progress and household costs can move differently; official commitments do not settle either outcome. Funding provision and expressed objectives do not demonstrate awards, resettlement outcomes or restored water quality.

Core 16 | HYDRAA's formal remit does not decide the legal

FINAL FINDING

HYDRAA's public-asset and disaster-management mandate cannot by itself establish the legal status or real-world results of an individual action.

INTERPRETATION

Mandate-level evidence and case-level evidence answer different questions; public trust needs both.

SOURCE LINKS

- S05: About the Agency — [full clickable URL in source register]
- S03: G.O.Ms.No.55: CURE reorganisation — [full clickable URL in source register]
- S04: Government Orders and Acts — [full clickable URL in source register]
- S15: Moosarambagh bridge event and corporation logos — [full clickable URL in source register]

FACTUAL PREMISES

F06 (Supported): HYDRAA describes its CURE-wide remit as disaster management and protection of government / public assets, under MAUD. F03 (Supported): GO 55 of 11 February 2026 reorganised CURE into GHMC, CMC and MMC with immediate effect.

ALTERNATIVES / LIMITS

A mandate may exist while an individual action still requires distinct authority, boundary and procedural evidence. Case-specific notice, title, adjudication and remedial records require independent examination.

Core 17 | The strongest research priorities concern bounda

FINAL FINDING

The evidence supports sequencing document-backed questions ahead of claims about unmeasured public outcomes.

INTERPRETATION

Separating known records from unresolved status prevents confidence in one source class from spilling into another.

FACTUAL PREMISES

F34 (Qualified): Candidate resume lists MBA, IIM Shillong, 2023–25; Consultant Marketing and Strategy at Nation With Namo, May 2025–Apr 2026. F36 (Qualified): Candidate resume reports modelling Meghalaya PDS and analysing 4,500+ government records.

ALTERNATIVES / LIMITS

Experience may transfer partly, while local knowledge, language support and agency context require supervised learning. Candidate self-report. Academic/project achievements are not independently audited.

Core 19 | My strategy and political-intelligence experienc

FINAL FINDING

Consultant, Marketing and Strategy, Nation With Namo (May 2025–Apr 2026). Resume reports an evidence-review workflow for seven political-intelligence team members.

INTERPRETATION

The candidate-reported review experience supports proposing an evidence workflow; actual performance must be established through a pilot.

FACTUAL PREMISES

F34 (Qualified): Candidate resume lists MBA, IIM Shillong, 2023–25; Consultant Marketing and Strategy at Nation With Namo, May 2025–Apr 2026. F35 (Qualified): Candidate resume reports introducing an evidence-based review system for a seven-person political-intelligence team.

ALTERNATIVES / LIMITS

A pilot may improve detection, increase workload or need a simpler shared-sheet workflow. Self-reported experience. Timing and impact are proposals, not guaranteed outcomes.

Core 20 | Thank you

FINAL FINDING

Thank you for considering this independent research work sample.
Manash Protim Deori
manashdeori09@gmail.com

INTERPRETATION

Contact and relocation information from the existing portfolio resume.

Supports evaluation design, uncertainty and comparison. Local workload, outputs and future effectiveness remain untested.

Historical self-review · 01-05

v01 · Scope, vacancy and candidate inputs	Created 32-slide full draft, candidate inputs, research cut-off and unresolved vacancy register.
v02 · Geography and institutional definitions	Installed GO 55 zone allocations and separated electoral, municipal and planning units
v03 · Source collection and provenance	Added five-gate method, source hierarchy, source-lineage disclosure and source accessibility limitations.
v04 · Election data integrity	Inserted historical civic table, primary Assembly study-set count and four separate parliamentary records
v05 · Historical context	Added selective 2014/2018/2020/2023/2026 timeline, labelled reported legacy context and avoided voter-transfer claims.

Historical self-review · 06-10

v06 · Current actors and legal status	Replaced current-strength implications with election-time affiliation and reported 2025 winner
v07 · Governance and responsibility	Mapped documented agency roles and inserted coordination scaffold without asserting proven institutional failure.
v08 · Political economy	Added cluster/access distinction
v09 · Public services and fiscal evidence	Inserted actual BE/RE amounts, separate transport instruments, statewide welfare scope and plan-to-revised-plan capex arithmetic.
v10 · Live policy case studies	Added Musi and HYDRAA briefs with objective/commitment/mandate distinctions

Historical self-review · 11-15

v11 · Causality and competing explanations

Tested causal overreach across deck

v12 · Media, language and qualitative evidence

Added source/translation/representativeness discipline and known/disputed/unknown queue

v13 · Recommendation feasibility

Produced budget tracker baseline

v14 · Immediate candidate contribution

Audited every major finding/proposal for adjacent contribution

v15 · CV truthfulness and role fit

Added role fit and self-reported CV evidence

Historical self-review · 16-20

v16 · 30/60/90-day realism	Added sequential 30/60/90-day outputs and resource assumptions
v17 · Narrative and executive compression	Completed operating system and closing proposition
v18 · Adversarial review	Adversarially reviewed conflicting bypoll totals, 2020 incomplete tally, H-CITY label and boundary selection
v19 · Full traceability and five-gate closure	Closed all substantive-ID mappings
v20 · Final currency and presentation readiness	Refreshed source snapshot/date boundaries, verified final sequence and all 32 main slides, retained residual uncertainties and released contentv 20.

Evidence qualifications

Fresh source gaps	F08-F11 and F16 remain blocked. Retained historical inputs cannot be called freshly verified.
By-election status	Cantonment 2024 and Jubilee 2025 wins are reported. Official declarations / final Form 20 still pending.
Shared lineage	ET/TOI share Times Group. PRS/state budget figures share upstream state documents.
Selected scope	Three margins, 15 selected ACs and six selected budget lines do not cover the full party, metropolis or CURE budget.
Candidate experience	CV remains self-report. Local fluency, networks and independently audited impact are unclaimed.

Pilot assumptions and acceptance

Desk capacity	Start with one brief. Log sourcing/review effort before agreeing quantities within the proposed 10-hour weekly envelope.
Interview coverage	5-8 is exploratory and conditional. Explain purposive inclusion, missing voices, language review and stopping rule.
Quality denominator	Unsupported claims / audited claims; closed / logged corrections. Keep newly detected errors visible.
Comparable turnaround	Match scope and review depth before comparing brief time. A lower raw correction count does not prove improvement.
Access fallback	Named reviewer and permitted records first. If unavailable, narrow the brief and retain precise unanswered questions.

Evidence refresh queue

Hiring manager	Exact requisition/open status and first work product. Confirm before operational use.
ECI / CEO / Lok Sabha	F08-F11 election rows; F16 passage from Lok Sabha Secretariat. Final 2024 Cantonment and 2025 Jubilee declaration/Form 20 before numerical reuse.
TSEC / corporations	Current poll notification, ward polygons, officeholder/legal roster. Refresh whenever a new order or schedule appears.
Scheme agencies	Sanction, award, release, spend, completion and safeguards. Update after every new document or reporting period.
Research lead	Confirm question, permissions, language support, reviewer and pilot acceptance before fieldwork or output commitments.
